givejedahand #CAMH #CAMHFoundation right under their #crumny #Downtown #West #Clinic for "#intensives" and "#complexmebtalillness" - #endstigma?! - #notlikely! - #camh is #mentalillness - because (1) - #defeatdenial & #dentsubos - they're in it very #deep - with their #onenighters to defeat #nentalillness - you'd think they were #clubmed(s) - but they're not worth a #damn if in some sense they're not THAT - and (2) in a different sense of it they're #SICK - with #greed #falsehood #deceit and #lies. Otherwise it's a useless term, except as it applies to #CAMH (#SCAMH). An irony totally wasted on them. #streetsoftoronto (#QueenWest #Parkdale!) #streetphotography
